The inclusion of this explanation does not constitute agreement with

the explanation's substance by the members of the general assembly.

Under current law, a driver's license marked to reflect veteran status may only be issued upon receipt of satisfactory proof of veteran status pursuant to procedures established by the department of transportation (DOT) in consultation with the department of veterans affairs (DVA). The current procedures established under the Iowa Administrative Code (761 IAC 605.2(7)) require the submission of form 432035, which must be properly completed by the licensee and a designee of the DVA.

This bill allows the issuance of a driver's license marked to reflect veteran status upon presentation of the licensee's certification of release or discharge from active duty, DD form 214, to the DOT at the time of the licensee's request to have the license marked to reflect veteran status.
